

AMAZING VIEW OUT OUR KITCHEN WINDOW FROM BACK YARD

*(Notice Lake Cuitzeo far in the background,
around 20 miles away. We can often see it on clear days)*

Even after living in this place for 29 years, we still often find it too good to be true that the Lord has given us such a stunning spot of His creation as our home and the site for Camp Berea. We love knowing that the many believers who come for camps throughout the year find it also to be a beautiful, quiet refuge, a place to learn from God's Word and meditate on His glory. Please pray that we, and they, as we all meditate and see His glory would continually be transformed into His image. (2 Cor. 3:18)

We want to take a moment to thank each of you again, for your vital role in creating and maintaining this place for the spreading of the gospel and the discipleship and growth of believers. We know that we could not be here without your financial support and prayers. We are also very keenly aware that we cannot bring about any spiritual change in the lives around us. It is the Lord who must, and does do work, and we are just the fortunate ones to be here watching as He transforms lives. What a joy it has been!

May the Lord bless you and allow you this same joy as you see Him work in your own lives and lives around you.

In the love of Christ,
Ted and Priscilla Clark
